ROOIBOS HEALTH AND BEAUTY EXPERTS

71% of people said that it reduces stretchmarks.\*

### Miracle Tissue Oil 125ml

Improves the appearance of scars and blemishes.

**R419**

AA/20026/19

\*Independent panel test results based on 52 participants.

After the sweating process, fermented Rooibos is spread out across a tea court to dry 100%, naturally in the hot African sun. The cutting, fermenting and drying processes are completed in less than 24 hours.

October is Breast Cancer Awareness Month and what better way to fight cancer than with Rooibos. Rooibos tea contains powerful antioxidants that help fight inflammation — a leading cause of cancer. According to Dr Jeanine Marnewick, of the Cape Peninsula University of Technology, Green Rooibos significantly inhibits the growth of cancer cells and traditional Rooibos also achieves this effect, albeit at a slightly lower rate. So enjoy up to six cups of Rooibos this month, and reap the myriad of health benefits this wonder-herb has to offer.
